P2
PL10*210

This 3D view diagram illustrates a vertical column assembly. The column itself is represented by a thick vertical line. At the top, there is a horizontal plate labeled **P3**. A bracket labeled **P2** extends from the right side of the top plate. On the left side of the top plate, there are two brackets labeled **P3**, one above the other. Below the top plate, the column features a stepped section. This section has two horizontal plates labeled **P3** on the right side, with a bracket labeled **P2** extending from the top one. On the left side of this stepped section, there are two brackets labeled **P3**, one above the other. Further down the column, near the base, there is a horizontal plate labeled **M16**. At the very bottom of the column, there is a square base plate. From the bottom edge of this base plate, four brackets labeled **P58** extend outwards, two pointing upwards and two pointing downwards. Additionally, two brackets labeled **P1** are attached to the bottom edge of the base plate.
